Mickey's Magic

As a child, Mickey was an icon I grew to love because of his laughter, voice, and heart. At 8 years old, my mom announced we would be going to Disneyland as our summer vacation. I remember the excitement I felt! I was so eager to get there! I

just couldn't wait! When we arrived, the first character I saw and got an autograph from was Mickey. Words can't describe the emotions I felt when he hugged me. After signing his name, at the bottom of the page Mickey wrote: "If you keep on believing, the dream that you wish will come true." -Walt Disney

Though I remember this "song" in the movie Cinderella, Mickey encouraged me to believe. At the time I believed Mickey was real and I loved him. Now, as a growing teen, I believe the words he wrote-and for that...I still love Mickey. Though he isn't "real" that person, that individual who was inside that costume inspired me through Mickey Mouse. Inspired me to dream. Inspired me to believe in myself... And inspired me to believe in everything I do; and for that, I want to share the 'magic' with you! The magic that every time I see anything associated with that mouse... I become a child at heart once again.
